ABSTRACT

This book is a summary of the basic admissions procedures and test requirements of member colleges of the College Entrance Examination Board. It is intended for students who are seeking admission in 1970. For each member college, information is summarized in six major categories: (1) required tests, (2) required test dates, (3) closing dates for candidates applications, (4) notification of candidates by institution, (5) financial statement requirement, and (6) candidate's reply requirement. A brief explanation of the candidates reply date agreement and the early decision plan agreement are given. (Author/KJ)

Introduction

This book is a summary of the basic admissions procedures and test requirements of member colleges of the College Entrance Examination Board. It is revised annually. The information in this edition was supplied by the member colleges in January 1969 and is intended for students who are seeking admission in September 1970.

For each member college, information is summarized in this book in six major categories. The symbols and abbreviations used are identified in the Key that follows this Introduction.

1. *Required tests.* The names of the tests each college requires of all candidates for admission in September 1970. Candidates should be urged to seek related information from the colleges themselves. For example, some of the questions not answered here are: How many and which Achievement Tests should be taken? Are certain groups of applicants required to take tests not required of all applicants? Does a college recommend that a specific test be taken even though it is not required? Are scores on certain tests used only for placement and not for final admissions decisions?

2. *Required test dates.* The earliest and latest dates on which candidates may take the required tests. Colleges that admit candidates under an early decision plan have given required test dates for both regular and early decision applicants.

The test dates are referred to as the month in the candidate's high school year. For example: "Mar Jr" means March of the junior year of high school.

3. *Closing dates for candidates' applications.* The latest dates colleges will accept applications for admission and for financial aid from both regular and early decision candidates.

The College Board's Early Decision Plan Agreement, to which many member colleges have indicated they subscribe, is reproduced on page 5.

4. *Notification of candidates by institution.* When colleges will send notification of their decisions on admissions and financial aid applications to both regular and early decision candidates.

Colleges were asked to indicate whether they notify each candidate as soon as possible after receiving all required credentials ("R"), or whether they notify all their candidates no later than some specified date.

5. *Financial statement required.* Most Board member colleges require applicants for financial aid to submit a Parents' Confidential Statement (PCS) to the College Scholarship Service. The date the PCS should be submitted is not necessarily the same as the closing date for financial aid applications. Dates for submitting the PCS are listed in *Financing a College Education: A Guide for Counselors*, which is distributed to all secondary schools for use in conjunction with the PCS. Counselors should determine the correct dates by consulting that booklet or the colleges themselves.

6. *Candidates' reply requirement.* The time by which both regular and early decision applicants are required to notify colleges of their acceptance or rejection of admissions offers.

The College Board's Candidates Reply Date Agreement, to which many member colleges have indicated they subscribe, is reproduced on page 4.

Since this summary book contains information received in January 1969 and represents only an outline of the facts, counselors should urge their students to consult the colleges they are interested in to learn all their requirements for admissions and financial aid applicants.

Key to table

SAT—College Board's Scholastic Aptitude Test

ACH—College Board's Achievement Test(s)

PAA—College Board's Prueba de Aptitud Académica

ACT—American College Testing Program tests

Sr—Senior year of high school

Jr—Junior year of high school

So—Sophomore year of high school

Pref—Preferably

Res—Students residing on the campus

Day—Students who commute

□—College subscribes to the College Board's Early Decision Plan Agreement for first-choice candidates (see page 5).

△—College subscribes to the College Board's Early Decision Plan Agreement for single-choice candidates (see page 5).

○—College subscribes to the College Board's Candidates Reply Date Agreement (see page 4).

W—Within

R—No definite date is set. As soon as possible after all information is received.

PCS—The Parents' Confidential Statement of the College Scholarship Service

FFS—The Family Financial Statement of the American College Testing Program

*—A particular condition or exception exists. See college's catalog for complete information. For example, a test listed under "Required tests" may be for certain candidates only or may be required for placement only rather than for admission.

Candidates Reply Date Agreement

Under this Agreement, a signatory College Board collegiate member binds itself not to *require* any candidate admitted as a freshman to give notice before May 1 of his decision to attend the institution or to accept financial aid from it (though candidates who have reached a firm decision may be urged to make this fact known). The purpose of the Agreement is to protect the interests of the candidates by enabling them to hear from all the colleges or universities to which they have applied before committing themselves to one institution. Each institution subscribing to the plan may set a date by which it expects candidates to reply to its tender of admissions or financial aid, provided that this date is later than May 1. The Candidates Reply Date Agreement does not apply to candidates accepted under early decision plans.

There are certain practices which, in effect, force candidates to an earlier decision and are considered not to be within the spirit of the Agreement. Among those are: (1) requiring a room deposit earlier than the Candidates Reply Date, and (2) suggesting that dormitory space will not be available after a date earlier than the Reply Date.

The Agreement reads as follows:

"These institutions have, by common agreement, bound themselves not to require any candidate admitted as a freshman to give notice before May 1, 1970, of his decision to attend one of these institutions or to accept financial aid from it.

"This policy has been agreed upon so that a candidate may be able to give consideration to all opportunities available to him. It should be emphasized, however, that whenever a candidate can reach a decision before this date, he is encouraged to notify the institution as soon as that decision has been reached. Even if his decision is not to attend the institution, he should notify the institution.

"These colleges have further decided to notify their candidates of the agreed date of their individual candidates reply date, if later than the agreed date."

Early Decision Plan Agreement

Early decision plans are offered *only* for candidates who are sure of the colleges they will attend if admitted, and whose credentials are such as to make the probability of admission high. Such plans are designed primarily to reduce anxiety for these candidates as early as possible in the senior year; they have the additional advantage of reducing unnecessary multiple applications that otherwise would have to be filed by the students, supported by the schools, and considered by the colleges.

Since the inception of early decision plans a variety of schedules and adaptations have developed. This Agreement furnishes a vehicle for reducing confusion resulting from such variety for the student and for his advisers by providing a uniform framework; at the same time, it avoids complete rigidity in order to accommodate as well as possible genuine differences in institutional situations. Institutional early decision plans, to be consistent with this Agreement, must:

- be initiated by the candidate who is sure of the college he wishes to attend, and not by the institution.
- be either *single choice* or *first choice.*

[A *single choice* plan requires that the candidate at that time apply *only* to the institution from which he seeks early decision, and that he agree not to initiate any additional applications unless and until he is informed that his application for early decision has been rejected; that action on his application has been deferred until a later date; *or* that assurance of adequate financial aid to meet his needs cannot be provided at that time.

A *first choice* plan requires that the candidate certify that the institution to which he is applying is his first choice, and that he will accept an offer of admission if it is extended, provided it includes also adequate financial aid if such is needed. A *first choice* plan *permits* the candidate to *initiate* other applications for admission should this seem advisable, but the candidate must agree to withdraw such applications when notified of acceptance and financial aid, if needed, by his first choice college.]

- provide for notification of *action on* any financial aid application at the same time the candidate is notified of action on his application for early decision.

A college that subscribes to this agreement undertakes:

1. To provide students and secondary schools with clear information about its plan: specifically, with deadlines for filing completed applications, descriptions of characteristics of recent successful early decision candidate groups, details of its financial aid program, and whether it is a single or first choice plan.

2. To act on applications, including applications for financial aid, and to notify candidates no later than December 1 of action taken (accept, reject, defer; to grant financial aid in specific amounts and kinds, to deny financial aid, or to defer action on application for financial aid).

3. To consider candidates whose applications are deferred to the college's regular admission plan and to guarantee that such deferred applications will receive an unbiased review at that time.

4. To exempt successful candidates who accept the admission offer from further *admissions* tests (it should be noted, however, that some colleges may require early decision candidates to take certain later tests for placement purposes).

For his part, the student applying for early decision at one of these colleges agrees:

1. To file his completed application for admission and, when appropriate, his application for financial aid early in the fall and no later than November 1 (as is consistent with the college's requirements).

2. To complete the admissions testing requirements specified by the college before the fall of his senior year.

3. To let the college know his decision on or before the date specified by the college.

4. (a) If he is applying under a *first* choice plan, to notify all other colleges at which he has initiated applications that he is withdrawing his application as soon as he has been notified of acceptance by his first choice college; (b) if he is applying under a *single* choice plan, to apply to no other institution until a decision has been reached on his application.
